

How to add an additional approver to the customer environment (subscription)

MN

Matthias Nega April 20, 2022, 8:05 PM

- i) Please send the link named "Access Package for Approvers" of the welcome e-mail to the future approver
- ii) If the future approver has no account in our Azure Landing Zone tenant, he can create an account by specifying the correct product here: [Azure Usermanagement \(telekom.de\)](#)
- iii) Then he requests access to this access package.
- iv) The current approvers are informed automatically by e-mail and can permit or deny the request(s).
